2014 CEV DenizBank Volleyball Champions League

MATCH PREVIEW

**THIS EVENING A COMPLETELY RENEWED TRENTINO DIATEC
WILL FACE THE GERMAN'S BERLIN RECYCLING VOLLEY
IN THE FIRST MATCH OF THE 2014 CEV CHAMPIONS LEAGUE**

Trento, Italy, October 24, 2013

Brand-new Italy's Trentino Diatec will start on Thursday their sixth campaign in the CEV Champions League as they host Germany's champions of Berlin Recycling Volleys, for the first match of the prelims in the Pool D. Trentino Volley return in action after significant changes were made in their formidable starting six of the last four years. Now it is a very talented young team.

THE LATEST FROM TRENTINO DIATEC Trentino Diatec has just come back from Betim, where claimed the third place at the FIVB Men's Club World Championship. The new trainer, Roberto Serniotti, Stoytchev's assistant in the last three seasons, can rely on all players, but returning from a long journey back to Italy from Brazil. Mentioning the statistics, Trentino Volley has played 52 matches in the Champions League in the last five tournaments: 44 wins and 8 defeats, the last one suffered in Moscow, which stopped their success story.

IN THE WORDS BY... *"We have a tough match ahead and these are not just words – says the coach of Trentino Volley **Roberto Serniotti** - . Berlin is a good team, if we want to keep a chance to continue our European campaign at the end of the prelims, we have to win and we are playing at home so we should not go wrong. However we are very tired, because last week we played 5 matches in 6 days and we have to deal with it. I hope that our fans will be on our side, but the hardest thing is up to us: we should play good if we want to bring the victory home".*

REFEREES Trentino Diatec – Berlin Recycling Volley will be refereed by the international staff: the first referee, the Roumanian Alin Mateizer and the second one Claude Kriescher (Bel).

MEDIA - The game will be broadcasted live by Italian sat channel Sportitalia2 starting from 20.30 pm and from local Radio Dolomiti.
